CHURCH ROOF FELL ON THE AUDIENCE

SERIOUS DISASTER IN A TEXAS SANCTUARY.

Services Were Being Conducted by Rev. Dwight Moody at Fort Worth, When a Heavy Rain Storm Wrecked the Building—The Names of the Injured.

Fort Worth, Tex., April 22.—During a storm last night a portion of the roof of the tabernacle gave way and fell on part of an audience of 10,000 listening to Evangelist Dwight Moody. Panic ensued and many who were not hurt by falling timbers suffered from being jostled and crushed. Following is the list of the injured:

J. V. Ingram, cut on head and chest, arm hurt, internal injuries; will die.
Will J. Paisley, left leg crushed, back injured; seriously hurt.
Mrs. Mary Murphy, cut on head and left arm.

Miss Scason, of Weatherford, cut on face and right arm.

Miss Lulu Haley, cut on head.
J. W. Manchester, prominent G. A. R. man, cut on shoulder and left arm.
Mrs. Morton Logan, wife of city treasurer, cut on shoulder.

Texas has long needed rain, so yesterday Evangelist Moody called upon his audience of 8,000 Christians to pray fervently that the floodgates might be opened. This was at 3 p. m. yesterday. At night when the tabernacle was crowded by 10,000 people from Fort Worth and surrounding cities Mr. Moody announced that word had come from several points that rain had fallen. A few minutes later the storm burst on Fort Worth and torrents of rain fell. Then Mr. Moody gave thanks to God and called upon the congregation to join in singing "Coronation," "All Hail the Power of Jesus' Name," "Let Angels Prostrate Fall."

The song had surged forth from 10,000 voices when a cracking noise was heard, and then the roof sank and the rafters gave way, and the heavy timbers and boards, covered with tar and gravel, came down on a portion of the congregation. There was a panic. Scores upon scores of women fainted; some men lost their heads and piled pell mell over those near them.

Mr. Moody then moved to the middle of the platform and lifted both hands to heaven, moving his arms slowly to and fro. His attitude and coolness stopped the panic and men began to go to work to rescue those in danger. A drenching rain was falling, but they worked hard and the wounded were soon taken out and carried to their homes or to the houses near by.

CATTLEMEN ALARMED.

They Will Resist with Force Any Importation of Mexican Cattle.

Eureka, Kan., April 22.—Fresh excitement has been caused among cattlemen here by the arrival of a carload of cattle from San Simon, Ariz., which is north of the quarantine line, but it is believed that at least a part of them are from old Mexico and have been exposed to splenic fever. The Greenwood Cattlemen's association held a big meeting here yesterday and prevailed upon Sheriff Smith to seize the cattle and place them in temporary quarantine, pending the action of the Live Stock Sanitary commissioner, who was communicated with. Chairman Johnson arrived in the afternoon. He found the town filled with angry cattlemen, many of whom are armed, and all are determined to protect their herds against the danger of Texas fever. The breaking out of Texas fever here would bankrupt Greenwood county. The cattlemen threaten to use force if it shall be necessary to prevent the cattle from being pastured in this vicinity. The Sanitary commission will decide the matter.

Weavers Threaten to Strike.

Providence, R. I., April 22.—The weavers of the Providence and National Worsted Mills have requested permission to strike and the district council is now considering the request, but hesitates about granting it, as it may cause a general shutdown of all the mills at Olneyville. The Providence and National Mills, which are under one management, employ 2,500 operatives. The employees say they will strike unless their wages are increased. Charles Fletcher, one of the owners of the mills, is one of the leading members of the Manufacturers' club, which recently decided to close every mill in Olneyville should a strike be ordered in any one of them, thereby throwing 2,000 operatives out of work.

Ellwanger's Corpse Found.

Crown Point, Ind., April 22.—The bloated and swollen corpse of Barney Ellwanger, the supposed murderer of his wife, Pauline Ellwanger, was found in the Lemon Lake, a small but deep little body of water in the wood a mile and a half northeast of Cedar Lake, the scene of the tragedy of thirteen days ago. He had been murdered. The general theory now prevailing is that Ellwanger was killed the same night his wife met death, and was afterwards cast into this small lake in the woods. The corpse was dressed in pants, coat and shoes. The overshirt and socks had been removed, and it will be remembered that these articles were found in Ellwanger's house the morning after the murder with blood spots upon them.

Will Quit Carrying Letters.

San Francisco, Cal., April 22.—Wells, Fargo & Co. have announced their intention of retiring from the business of carrying letters. Just when the letter service will be discontinued has not been decided, as it depends on the exhaustion of the present supply of franked envelopes.

Decreed to Death.

Winona, Minn., April 22.—The tribe of Winnebick Indians are said to have decreed the death of Black Hawk, whom they all believe was responsible for the murder of Yellow Bank.

FIND A BLOODY SHOE.

Police Have a Growsome Exhibit in the San Francisco Murder Cases.

San Francisco, Cal., April 22.—The police are still busy picking up the threads and weaving their network of circumstantial evidence in the Emanuel church cases, so as to leave no weak mesh through which the accused can escape, for they believe they have the murderer in the person of W. H. T. Durrant. Referring to a rumor that Blanch Lamont was lured to the church by Durrant's promise to perform a criminal operation on her to save her from disgrace, and that when she shrieked in agony he caught her by the throat to stifle her cries and choked her to death, Dr. Barrett, the city autopsy physician, said the rumor was without foundation.

Among the growsome exhibits in the case is one that was quietly taken to police headquarters and locked up, and not until a late hour last night did the police acknowledge they had it. This exhibit is a shoe, and on the sole are dark spots that were made when the wearer stepped into a pool of blood that came from the body of Miss Williams. The shoe is the property of Rev. J. George Gibson, pastor of the church, and it was found in his study in the edifice last Sunday just after the finding of the body of Miss Lamont. This statement has created sensation, and gives those who have been hinting that Gibson may be the guilty man an opportunity to emphasize their suspicions. However, the police do not seem to see in it anything that implicates the pastor, for they argue that the person who killed the two girls was familiar with the church, must have known the shoes were there, and may have worn them in his bloody undertaking.

MINERS TO BE TAXED.

Not Exempt Under the Decision of the Supreme Court.

Washington, April 22.—The commissioner of internal revenue has made his first important ruling as to the effect of the decision of the United States Supreme matter of rentals under the income tax law. The coal miners of Pennsylvania and other states, as well as the producers of oil, have claimed that they are exempt from the operations of the income tax for the reason that their product is the product of the soil and comes within the definition of the Supreme court as to rentals. The commissioner of internal revenue having decided that the profits from coal mining are taxable, he will also by the same reasoning be compelled to rule adversely upon the claim of the Standard Oil company is exempt from paying any income on the product of the soil. The Standard Oil company is understood to have indicated that it will refuse to pay an income on its oil products, and will contest the payment in the courts. This decision of the commissioner of internal revenue will undoubtedly result in protracted and extensive litigation. Mr. Choate, who was connected with the case in the Supreme court, predicts that the income litigation will last for twenty-five years.

CHICAGO PAPER SOLD.

H. H. Kohlsaat Purchases the Times-Herald—His Policy.

Chicago, April 22.—The controlling interest in the Times-Herald and Evening Post was purchased Saturday by H. H. Kohlsaat, who will direct the policy of the two papers hereafter. The price paid is said to be in the neighborhood of \$1,000,000. Of the policy of the paper it is said editorially: "In national affairs, while avoiding alliance with any party, it will always forcefully and earnestly advocate the doctrine of protection to American industry. Under that protective system, as experience has shown, is the surest means of advancing commercial and industrial prosperity, and the most equitable method of raising revenue. The paper is absolutely opposed to the free coinage of silver by this nation alone at the ratio of 16 to 1 or at any other ratio."

Sheriff Mullin Held for Trial.

Omaha, Neb., April 22.—John H. Mullin, sheriff of Thurston county, has been bound over to await the action of the United States grand jury. The suit was brought against Mullin for his action Friday in attempting to arrest the Indian police, who are under the charge of the Indian agent, Capt. W. H. Beck, and were evicting settlers under the order of the United States court. The case is one of national interest. The excitement has died down considerably, the refusal of Attorney General Churchill to interfere on behalf of the Flournoy company being a crushing blow to the white squatters.

His Recovery Assured.

Indianapolis, Ind., April 22.—Ex-Governor and Ex-Minister to Italy Albert G. Porter, whose condition was alarming as a result of a severe attack of vertigo, is much improved. Mr. Porter's physician speaks encouragingly for his patient and says he will be entirely recovered from the shock in a few days.

To Settle a Union Labor Dispute.

Indianapolis, Ind., April 22.—The executive council of the Federation of Labor, which is in session here to-day will settle a dispute between the National Association of Brewers and local Union No. 18 of Chicago. The National union levied a per capita tax amounting to about \$2,000 on the local union, which the latter resisted on the ground that it was levied to assist in a Knights of Labor fight, there being Knights of Labor in the National Association of Brewers.

Cox Is Captured at Marengo.

Vinton, Iowa, April 22.—James Cox, who shot Marshal Gerhart of Blairtown was captured at Marengo yesterday and was brought to this city by Sheriff Metcalf and placed in jail. Cox claims that the marshal shot first. People from Blairtown tried to intercept the sheriff with intentions evidently of lynching the prisoner, but the sheriff outwitted them. It does not appear that trouble here.

Found Dead on the Wharf.

Duluth, Minn., April 22.—Patrick Cosgrove of Chicago, first porter of the Jay Gould, was found dead on the wharf yesterday morning about 11 o'clock. Eklund says the death resulted from heart disease. The body will be shipped to Chicago.

BRITISH ARE SAVED BY A RELIEF CORPS

THE SUCCORING EXPEDITION REACHES ITS GOAL.

Peace Will Soon Be Restored—Treaty of Peace Between China and Japan Ratified—French Shore Question Settled—Fire Loss of \$1,000,000 Francs at Paris.

Simla, April 22.—Major-General Sir Robert Low, commanding the Chitral relief force, telegraphed yesterday that Major Deane learned Saturday night that the Chitral fort had been relieved. The news reached Major Deane through a reliable source, and it is thought that confirmation will be received to-morrow. It is not known yet whether it was Col. Kelly's or Gen. Low's advance column that effected the relief. Sher Afzul, who at one time was de facto ruler of Chitral and whose recent capture of the capital led to the dispatch of the British expedition, is said to have fled.

London, April 22.—A dispatch from the British camp near Barwa says it is reported that the Amir of Afghanistan has granted asylum to Umra Khan, the invader of Chitral, and has given him two villages near Asmar.

Treaty of Peace Ratified.

Yokohama, April 22.—A dispatch from Hiroshima the temporary headquarters of the emperor of Japan, states that his majesty ratified the treaty of peace Saturday. The government has issued a statement denying that it has concluded an offensive and defensive alliance with China, and declaring that the commercial advantages secured by Japan under the terms of the treaty will also be enjoyed by the other powers under the "most favored nation" treaty.

French Shore Question Settled.

Paris, April 22.—The Temps, referring to a statement that an agreement has been arranged between Great Britain and Newfoundland on the French shore question, insists that this matter must be settled to France's approval before Newfoundland enters the Dominion of Canada.

Japan Sends 30,000 Troops North.

Kobe, April 22.—On April 13 and 14 fifty-eight transports left Ujina for Taiten Wan with 30,000 Japanese troops. It is believed that these troops are destined to make a descent upon Taku and Shan Hai Kwah as soon as the time of the armistice expires.

Fire Loss Over 1,000,000 Francs.

Paris, April 22.—A fire in the School of Arts and Industries at Chalais-Sur-Marne has destroyed the models and machines that had been or were being prepared for the exhibition to be held in Paris in 1900. The loss exceeds 1,000,000 francs.

Severe Earthquakes in Russia.

Odessa, April 22.—There were severe earthquakes Friday at Tashkend, Asiatic Russia.

Vienna, April 22.—The earthquakes continue with severity at Laibach.

Cubans Classed with Anarchists.

Madrid, April 22.—A committee of the chamber of deputies has decided that the same penalties shall apply to the Cuban rebels as are applicable to anarchists.

BY A JACK THE RIPPER.

Woman Murdered in a Manner Suggestive of the Whitechapel Crimes.

New York, April 22.—A murder was brought to light in Bellevue hospital yesterday afternoon, which is suggestive in some of its details of the White Chapel crimes in London that made "Jack the Ripper" notorious. The victim was a woman of the lowest class. When the autopsy was performed upon her body it was discovered that certain mutilations had been made which distinguished the White Chapel murders, though not of so serious a character. Up to a late hour the murderer had not been arrested, but one man who is thought to have had some knowledge of the matter was held on suspicion. The woman was found in the hallway of a tenement at No. 143 Thompson street. She died soon after being taken to the hospital. The policeman learned that she had spent the night in a West Houston street saloon in company with an unknown Italian, with whom she quarreled. He is supposed to have been her murderer.

Wealthy Girl Has Her Way.

Washington, April 22.—Miss Katie Cox McWhorter and James Dickey, Jr., of Atlanta, Ga., yesterday. The bride is reputed to be the richest woman in Georgia and one of the wealthiest in the south. The couple married in opposition to the wishes of their families. A few weeks ago Miss McWhorter came to Washington on a visit. Mr. Dickey followed a few days afterward. The bride is a clerk in the Western & Atlantic railroad freight office in Atlanta. His father is the road's general agent in Atlanta.

Still Hope of Mr. Pitt's Recovery.

Washington, April 22.—The condition of Representative Pitt, of Illinois, was practically unchanged last night. His physician is in constant attendance, and a consultation was held over him by two Washington physicians and a prominent specialist from Baltimore. He is desperately ill, but there is still hope of his recovery, and a fatal termination is not thought imminent.

Found Dead on the Wharf.

Duluth, Minn., April 22.—Patrick Cosgrove of Chicago, first porter of the Jay Gould, was found dead on the wharf yesterday morning about 11 o'clock. Eklund says the death resulted from heart disease. The body will be shipped to Chicago.

JUDGE LYNCH TRIED FIVE COLORED MEN

SAME THING OVER AGAIN IN ALABAMA.

They Were Negroes, so Three Men and Two Women Were Hanged by the "Gentlemen Sub," Without Any Compunctions of Conscience—Another Lynching Averted.

Montgomery, Ala., April 22.—A man who arrived here at 9 o'clock last night from Greenville, Ala., forty miles south of here, reports that five negroes were lynched near there Saturday night. Just before the train left Greenville the sheriff of the county came into town and reported that in passing the Buck-alow plantation, three miles from town, he had found the five negroes, three men and two women, hanging by their necks to some trees. Their bodies were cold, and they evidently had been dead some hours. The news Saturday night reached Greenville of the brutal murder near Butler, in that county, of Watts Murphy, a popular young white man. Murphy was a young farmer, a nephew of the late Gov. Watts of this city. After murdering him the negroes placed his body on a brush heap and burned the heap. The debris was examined and the heart and liver of the victim were found. The rest of the body had been consumed. An investigation was instituted. Three negroes were arrested finally. One of the negroes gave way and confessed the crime, implicating two other negro men and two women. The officers secured them and were closely guarding the prisoners when last heard of. The report does not give the details of how the mob secured the murderers. A telegram from Greenville confirms the story.

PREVENT A LYNCHING.

Two Men Guard a Negro Prisoner and Defy a Mob.

Frederick, Md., April 22.—Mrs. Butts, a farmer's wife at Broad Run, fifteen miles from here, was assaulted yesterday morning by Frank Winterchief, an 18-year-old negro, who works on the farm of Columbus O'Donnell, near Petersville. Mrs. Butts attended mass at St. Patrick's Catholic church four miles from her home and, when returning, was followed by the negro. He overtook her on the road and, armed with a club, attacked her. Frightened before accomplishing his purpose he finally fled. Peter Hemp and David Majaha, who heard the woman's screams, saw the negro running and started in pursuit. After a chase of four miles the negro halted and surrendered. On their return with the negro his captors were met by a mob who demanded the surrender of the man that they might take him to the woods and hang him. Hemp and Majaha refused to give him up, and at the point of their revolvers brought Winterchief safely to this city.

BASEBALL REPORT.

Standing of the Clubs in the National League.

Only two National league games were played yesterday: St. Louis won from Chicago, and Cleveland was beaten by Cincinnati. As a result Chicago drops from a triple tie for first place to a tie with Pittsburgh for second. St. Louis rises from a tie for last place to a tie with Louisville for ninth place. The standing of the clubs:

Clubs.	Played.	Won.	Lost.	P. C. T.
Cincinnati	3	3	0	1000
Boston	2	2	0	1000
Chicago	3	2	1	.666
Pittsburg	3	2	1	.666
Baltimore	2	1	1	.500
New York	2	1	1	.500
Philadelphia	2	1	1	.500
Brooklyn	2	1	1	.500
Louisville	3	1	2	.333
St. Louis	3	1	2	.333
Washington	2	0	2	.000
Cleveland	3	0	3	.000

The following were the scores yesterday:

At St. Louis—St. Louis 4 0 0 0 0 2 1 0 1—8

Chicago 1 0 0 2 0 0 1 0 3—7

At Cincinnati—Cincinnati 3 0 1 1 0 4 2 1 3—12

Cleveland 0 0 0 0 0 0 0 3 0—3

Saturday games were as follows:

At St. Louis—Chicago, 11; St. Louis, 5.

At Cincinnati—Cincinnati, 14; Cleveland, 8.

At Louisville—Pittsburg, 16; Louisville, 9.

At New York—New York, 10; Brooklyn, 6. Attendance, 15,000.

At Boston—Boston, 12; Washington, 4.

At Baltimore—Baltimore, 23; Washington, 4.

Mrs. Parnell May Not Recover.

Bordentown, N. J., April 22.—Mrs. Parnell is growing weaker. It is doubtful whether she will survive the shock of the assault. Nothing has yet developed to throw any light upon the case, although the detectives are still at work. The theory that the crime was committed by tramps is not believed. Policemen Hartman, Pippet and Michlis surprised a camp of nine tramps yesterday on the outskirts of the city and locked them up in the city jail pending an examination.

Fatal Quarrel Among Farmers.

Stout City, Iowa, April 22.—Jerry N. Freil, aged 25, shot and killed J. N. Shotts on a farm five miles east of here last evening. Freil claims the shooting was in self defense and came to this city and gave himself up to the officers. Freil says Shotts struck him with a club. Both men were farmers and had been enemies for some time.

Secretary Gresham Goes to Gotham.

Washington, April 22.—Secretary of State Gresham left Washington yesterday for New York city. It is said that he goes on personal business and does not keep with the regular course.

DEAF MUTE ACCIDENTALLY SHOT

Whitewater Man Pulled the Gun Toward Him with the Usual Result.

Whitewater, April 22.—Herman Frankard, a deaf mute, who works at the M. Heffron place, was drawing a shot gun out of the carriage when it was discharged, lacerating his left hand and forearm in a terrible manner.

LATE NEWS BY WIRE

Fire in the Patent Office.

Washington, April 22.—A fire started in the library of the patent office at 1:30 o'clock this afternoon. It being caused by an explosion in the laboratory. The watchman and Miss Nevins, who had charge of the department telephone exchange were both injured.

C. P. Huntington Arrested.

New York, April 22.—C. P. Huntington, president of the Southern Pacific Railroad, was arrested today on the charge of issuing a pass in California contrary to the inter-state commerce law.

The Carson-Letter Wedding.

Washington, April 22.—Miss Mary V. Letter and Hon. George N. Carson, M. P. of London, were married this noon. Mrs. Cleveland and the diplomatic corps were present.

Town Wiped Out By Fire.

McKeesport, Pa., April 22.—Almost the entire business portion of Duquesne was wiped out by fire today. The loss will reach \$150,000.

Oscar Wilde Indicted.

London, April 22.—Oscar Wilde was indicted today by the grand jury and will be tried on Friday.

WOMEN IN THE PULPIT.

Unique Ending of the Y. W. C. A. Convention in Pittsburg.

Pittsburg, Pa., April 22.—The international convention of the Y. W. C. A. closed yesterday. Twenty-seven of the most prominent delegates occupied the pulpits of fashionable churches in the evening. A novel feature was presented at the Presbyterian, Reformed Presbyterian, German Lutheran, and Protestant Episcopal churches. These denominations do not allow women to preach from their pulpits. To get around the church law and extend the courtesies of their pulpits to the distinguished ladies visiting, some of the congregations had platforms erected in front of the pulpits, and from these platforms the ladies addressed large audiences.

NICARAGUA OFFERS TERRITORY

Unable to Pay Indemnity to England in Any Other Way.

Managua, Nicaragua, April 22.—At a cabinet meeting it was proposed to cede to Great Britain Corn Island, in the Atlantic, as an equivalent for her claim for indemnity. This proposition met with strong opposition from President Zelaya and another proposition was made to pay the indemnity by means of a forced loan. Matters remain in statu quo, however. Nicaragua is helpless and looks to the United States for support. If she does not get it she may ultimately be compelled to surrender part of her territory to England in spite of the Monroe doctrine.

South Invaded by the A. R. U.

Chattanooga, Tenn., April 22.—The American Railway Union has of late been sending representatives to the southern states for the purpose of planting the doctrines of the organization among the labor element of this region and to cause the organization of local orders in all of the principal southern cities. Just to what extent the movement has found favor among the employees of the southern systems of roads can not be learned, but the indications seem to lead to the conclusion that there is a colossal union of railway employees being formed behind all the varied organizations of engineers, conductors, firemen, etc.

Have a Corner in Rye.

Cincinnati, Ohio, April 22.—For the first time in the history of the grain trade the humble cereal rye has been cornered and to-day is worth nearly 50 per cent more per bushel than its more aristocratic cousin, wheat. The corner has been run by a Cincinnati clique, and so quietly was it maneuvered that not until Saturday, when 85 cents per bushel was asked and several lots actually brought 75 cents, was it known that an organized effort was being made to control the market.

Another Big Defalcation.

New York, April 22.—Samuel C. Aymar, a bookkeeper in the National Shoe and Leather bank, and a brother-in-law of the convict bookkeeper, Samuel C. Seeley, who robbed the bank of \$350,000, is also a defaulter. Vice-President John A. Hiltner says that Aymar has stolen \$20,000, of which the bank loses \$15,000, the rest of the loss falling on the Guaranty company of North America, Aymar's surety.

Wisconsin Legislature Adjourns.

Madison, Wis., April 22.—The forty-second regular session of the Wisconsin legislature adjourned sine die at noon Saturday. At 11:15 o'clock the list of bills signed was sent to the senate and assembly. The committee reported that the governor had no further communications to make, both houses were declared adjourned, and the session was over.

Operators to Meet Miners.

Terre Haute, Ind., April 23.—President Purcell and Secretary Kennedy of the United Mine Workers have decided that the miners in this state will fare best by not having a conference with the operators before the last days of the month, and for that reason have responded to the request of the operators for a joint meeting by fixing the date

BIG FIRE RAGED AT ARNOTT, WIS

LITTLE TOWN IN PORTAGE COUNTY DEVASTATED.

Flames Started in A. Lombard's Store From the Explosion of a Lamp, the Loss Will Reach \$12,000—W. Conley, Gus Hein and Lombard the Heaviest Losers.

Steven Point, April 22.—Fire devastated Arnot, a small town southeast of this place this morning, causing a loss of about \$12,000. The heaviest losers are William Corley \$5,000, A. Lombard \$3,000 and Gus Hein \$1,000 with other losses aggregating fully \$3,000 more. The fire started in Lombard's store, it being caused by the explosion of a lamp. Several business blocks were wiped out by the fire before it was controlled and the loss is a heavy blow to the village.

ANTI-TRUST LAW WEAK.

Cabinet Members Believe It Impossible to Prosecute a Beef Combine.

Washington, April 22.—The beef situation has been made the theme of a cabinet meeting discussion, the point raised being the ascertainment of what chance, if any, there would be for the successful prosecution of a cattle and beef combine under the provisions of the anti-trust law should it be discovered that a trust of that sort really exists. The argument was based upon a hypothetical statement of facts and conditions, evidence in support thereof being confessedly lacking as yet in many essential particulars, but the question was nevertheless seriously—very seriously—considered. Attorney-General Olney and Secretary Carlisle were of the opinion that the trust law is inadequate for the purpose, even upon the presentation of all the facts alleged. The attorney-general alluded to previous failures and did not believe as strong a case could be lodged against the dressed people as had been established against the Standard Oil and other notorious trusts. Postmaster-General Wilson, who was a leading member of the judiciary committee at the time the bill was under discussion in the house, admitted the law to be weak.

Secretary Morton, who brought the matter up, was anxious to have a full and free discussion over it. Mr. Morton has been very industrious in the collection of facts from every quarter bearing on the meat situation, and he expects to be able within a few days to have a statement for the public containing a summary of the facts he has ascertained, which will officially locate the responsibility for the recent rise in beef and other meats.

A SHORTAGE OF \$100,000.

Experts Discover Discrepancies in Accounts of Paul Schulze, the Suicide.

Tacoma, Wash., April 22.—The investigation of the accounts of the suicide, Paul Schulze, who was general western land agent of the Northern Pacific, is slowly progressing and it is said that the shortage so far discovered amounts to \$100,000.

Some of Mr. Schulze's friends have hesitatingly admitted that his affairs are in a much more complicated state than was supposed at the time of his death. What the entire shortage will amount to cannot yet be told. It will take months to check up all the figures in the land office accounts, as it will be done in a very careful manner. Land Commissioner Phipps has two experts, whom he brought from St. Paul, going over the books. It is significant that Mr. Phipps has remained here personally supervising the investigation, while his brother officers have gone on a trip to Gray's Harbor and Portland. When last night Mr. Phipps refused to talk on the subject, an investigation of the accounts of the Yakima Investment company, of which Schulze was president, is in progress.

SAW HER KILLED.

Startling Developments in the Tapper Murder Case in Denver.

Denver, Colo., April 22.—A decided sensation was created in the criminal court yesterday during the trial of Richard Demady for the strangling of Lena Tapper by the statement of Assistant District Attorney Denison that the state would show by the testimony of two eye-witnesses that Richard Demady was the slayer of Lena Tapper. These witnesses had looked in at the window between 12:30 and 1 o'clock a. m. Sept. 3, he declared, and heard and saw Demady dragging the woman by the hair from the front room to the back room. The announcement proved a startling surprise to counsel for defense and it was noticed that when Colonel Denison in unmistakable tones made the statement describing Lena's death, Demady's face took on a startled look and grew pale.

TWO FIREMEN HURT IN A PAINFUL WAY

DRIVERS MURPHY AND BARRIAGE RUN OVER.

Former's Injuries Are Serious, as the Patrol Wagon Went Over His Hips—Barriage's Foot Injured—Chief Spencer and Alderman Burnham in a Crash—The Fires.

Two fire alarms made things lively last night, and in responding to the last one Drivers Ben Barriage and Con Murphy were injured, the latter quite seriously. Chief Spencer and Alderman S. C. Burnham also met with an accident, but luckily neither of them were injured.

The first alarm was at 9:15 o'clock from box 151, calling the department to the residence of Joseph McConnell 307 Wall street. This fire did not amount to much. Some member of the family struck a match to light a lamp. A portion of the match fell upon a bed, setting it on fire. This was quickly extinguished, but not in time to prevent some excited passer-by turning in the alarm.

The second alarm was at 1:35 a. m. from box 51, calling the department to the row of wooden rookeries just east of the Grand Hotel. Here a fire had gained considerable progress in the one story frame at 167 West Milwaukee street, owned by William Zuill of Johnstown, and occupied by James F. Sweeney, as a barber shop. The fire was started in a small shed in the rear of this building and had worked upward and had got into the roof when discovered. The roof of this building was destroyed, and beside considerable damage resulted from water. The next building west—167 1-2, owned by Mr. Zuill and occupied by Lymyn Morse as a restaurant, was considerably damaged, by fire in the rear, and by water. Most of the contents in both places were removed in good condition. Mr. Sweeney had \$350 insurance with H. H. Blanchard's agency. It is not known what insurance was on the buildings. \$300 will cover the entire loss.

Barriage and Murphy Hurt.

In responding to the last call, Drivers Ben Barriage and Con. J. Murphy of the fire patrol, were quite seriously injured. Mr. Murphy was at the horses' heads, completing the "hitch," when the horses started to follow the hose company out of the house. The team was anxious for a run and Mr. Murphy found it impossible to hold them. He was thrown down and run over, the heavy wheels passing over his hips. He was picked up and carried into his house where Dr. W. H. Palmer examined him. No bones were broken, but it is feared internal injuries will develop. Driver Barriage was unable to make his flying jump to the seat in time to catch the reins, and was also caught and thrown to the floor with much force, the wheels passing over his right foot, and in addition he was considerably bruised about the body. Neither will be on duty for several days, and Mr. Murphy may be laid up for an indefinite time.

Collision In The Dark.

Chief Spencer and Alderman Burnham also had a narrow escape in responding to the first alarm. The north bound vestibule train had blocked the Wall street crossing, compelling the department to pass around the block by way of Marion and West Milwaukee streets to the "five points," thence by Madison to Wall. The chief struck the Madison street crossing just as a switch engine came flying down the track, which necessitated a quick move to clear the track. The track was cleared in safety, but the head light of the locomotive, together with the arc light at the crossing, served to blind both occupants of the buggy, everything ahead being dark as pitch.

reaching the dark shadow of Mayor Baines tobacco warehouse there was a crash—a head end collision—with a horse and buggy occupied by Mr. and Mrs. Ellis, who could see the approach of the chief and turned out, giving all the road. Luckily, neither were driving fast, and a quick stop was made. Mr. Ellis' buggy was slightly broken, but no one was hurt. Alderman Burnham was occupying the side of the buggy which struck Mr. Ellis' and did not see the danger until the crash came.

Small Blaze This Morning.

The employees of the Chicago & Northwestern railway at the round

house got a "lively move on themselves" this morning at 10:15 o'clock when fire was discovered in the roof of the main building; and there was some quick work done in extinguishing the incipient blaze. A man was sent to alarm box 54, at the corner of Jefferson and North streets, and he had broken the glass and put the key in the door, when a second messenger arrived with orders not to turn in an alarm—that the fire was out. Very little damage resulted.

ISAAC T. SMITH AN OLD SETTLER

Return to His Former Home Reminds Him of Former Days.

Isaac T. Smith, who was one of the earliest settlers of Rock county, now lives in the town of La Prairie. He settled in the county in 1836, but went to Iowa some thirty years ago, and has recently returned to live with his son the remainder of his days. On a visit to Milton college, of which institution he was one of the board of trustees for ten years previous to 1865, he gave some reminiscences of the early times.

He came from the vicinity of Chautauque Lake, in the western part of New York state, and reached Wisconsin sixty years ago. He stopped in Racine county for a short time, and then accompanied in 1836 the family of the founder of Janesville to that place, and entered shortly afterwards the first claim to land in the town of Harmony, Rock county. In the following year he took up his residence in the town of Milton, and became interested in the erection of a sawmill on Otter creek, three miles north of the village of the same name as the town. About that time he held a claim to the land lying west of Storrs' lake, a mile east of the village, which claim passed soon into the hands of the man from whom the lake is named. He was associated in business at the Creek, with his brother, Daniel F. Smith, who was the first settler to bring his family into the town. For nearly thirty years he resided continuously on the farm where he first made his home here, and became well acquainted with all the old incomers of the town. At the start his nearest neighbors were seven miles away toward Fort Atkinson, and eleven miles toward Janesville. Then he had to send a breaking plow sixty-five miles to Racine to be mended, and grain had to be taken at a greater distance into Illinois to be ground. Flour was worth twenty dollars a barrel and pork forty-five dollars. Potatoes sold for \$1 per bushel.

Mr. Smith speaks of the leading early inhabitants of Milton in the kindest manner, and so of these of Rock county. He thinks that he is the only survivor of the men in the county who settled in it the year he came. Articles of his describing and commending some of them have been published in the histories of the county and in the volumes issued by the State Historical society.

JOHN KELLY'S STABLE A GOOD ONE

A New York Dispatch Tells of the Janesville Man's Horses.

A New York dispatch says that the latest notable arrival at Fleetwood is John Kelly, the man who drove Flying Jib, 2:04; Directum, 2:05; and Direct, 2:05½, to their records when he was with Manroe Salisbury in 1892-3. Kelly now has a stable of ten trotters, all but two of which are owned by James Butler, a wealthy wholesale grocer. In the lot are Eastview, 2:23; by Alcyone; Dudley Olcott, 2:18; by Albert W., owned by Colonel W. P. Thompson; Clochette, 2:17; by Chester Chief; Norhawk, 2:15; by Norval, owned by Nathan Straus; Alicia, a bay mare with no record, by Alcyone; Formosa, 2:48; a 2-year-old, by Mansfield; a green colt by Guy Wilkes, out of Ruby, 2:19; the full sister of Stamboul, 2:07; a 3-year-old colt by Albert W., and a green mare by Chester Chief. Eastview is the horse that drove Quarter stretch out in 2:15 at Fleetwood last September with John P. Gibbs in the sulky. He is looked upon as one of the best horses in sight in his class and Kelly has entered him extensively in stakes at the principal eastern meetings this year.

FEES TAKE A JUMP AT THE UNIVERSITY

STUDENTS CANNOT RECONCILE THE RAISE.

Engineers Think the Boost in Their Department Is Unjust, as Their Diploma Does Not at Once Command a Salary, as Is the Case with Those Who Wish To Teach.

EDITOR GAZETTE.—The engineers and law students in the University of Wisconsin are quite indignant over a fact which has evidently been in existence for some time, but has only recently come to light. The incidental fees charged the students has, for years, been twelve dollars a year for all courses, except the law, but when the new catalogue appeared, it was found that the general incidental fee was raised to twenty dollars per year, while this fee was doubled for those taking any of the engineering courses. The law course was made a three-years course instead of two, and the fee increased from \$100 to \$205 for the course. Since quite a large proportion of the students in this course are of limited means and are supporting themselves, they immediately began an investigation. The president gave as the reasons for the extra charge for engineers, that there department was a greater burden to the state, and that the education of an engineer, being technical, his diploma was worth more to him in cash than was a diploma of a graduate of the college of letters and science.

These reasons, the engineers feel, cannot be substantiated. In the first place the university receives annually from the United States government several thousand dollars as a result of the Morrill Acts which would not be received if she did not maintain a "school of agriculture and mechanic arts."

Then, even if the engineers have to use more expensive laboratories, (which will be shown to be doubtful) they have to pay a laboratory fee of \$1.00 per term or \$1.50 per semester for every one-fifth of work they take in them, which covers cost of material. Then, too, a great many of the engines, dynamos, etc., used in their laboratories have either been contributed or have been built by the students themselves, so that their laboratories cannot be more expensive to equip or to maintain than are those of the general science course.

The cost for tuition does not seem to have been considered as more expensive in these courses, for the tuition for non-residents is fixed at \$30 for all courses. Of course under the state laws, tuition could not be charged residents of the state.

Then, as to the value of the diploma. The state superintendent says that a graduate of the college of letters and science may teach one year upon his diploma, and at the end of that time if the teacher has been successful, the superintendent will countersign the diploma, making it a state certificate for life. This guarantees a position as teacher worth at least \$1,000 per year, and, since the engineer's diploma cannot be so countersigned, it is not worth so much cash value, in this line at least. If the roll of engineering graduates for the past two or three years be examined, it will be found that, while some have good paying positions, they are the exception rather than the rule.

These fees are higher than in any other state institution west of Cornell and unless something is done about it, Wisconsin will find herself contributing largely from her roll of students in these departments, both present and prospective, to neighboring institutions. The students do not object to an increase in the engineering fee if that is necessary, but they do object to such an injustice as an increase to double that of the other students and double all that charged in all neighboring schools of similar nature. AN ENGINEER.

EX-GOV. HOARD FOR COMMANDER

The "Old Boys" Seem to Be For Him Five to One.

EDITOR GAZETTE.—On May 22 the G. A. R., Department of Wisconsin, will meet at Green Bay for the transaction of business and election of officers for the coming year. There have been three names mentioned for department commander: Ex-Gov. W. D. Hoard, Hon. H. H. De Groff and D. Lloyd Jones. But so far as I can learn the "old boys" are for Ex-Gov. W. D. Hoard five to one, and without a word of solicitation on his part. As to H. H. De Groff the "old boys" have watched his vote on the Soldiers Home saloon bill and they do not approve of it. The time has not come to vote for worse element and enemy of the old fellows around our state and national homes. Otherwise not a word could be said against comrade DeGroff. Dr. Lloyd Jones is not very well known amongst the G. A. R. and the present year cannot be elected. But if he was well known would get quite a following and will probably come to the front in '96. But if all signs do not fail Comrade William D. Hoard will be elected Department Commander at Green Bay and the Wisconsin Department will have a commander of national reputation to lead them in the parade at Louisville, Ky., in October. VETERAN.

W. T. Stanford, station agent of Leeper, Clarion county, Pa., writes: "I can recommend One Minute Cough Cure as the best I ever used. It gave instant relief and a quick cure. C. D. Stevens.

CHRISTIAN ENDEAVORALLY HERE

It Began On Saturday Night With a Banquet—Other Meeting Plans.

A Christian Endeavor rally is being held in Janesville that is proving to be a generator of enthusiasm among the young people. The rally began Saturday evening with the banquet, served in the parlors of the Congregational church. Rev. S. P. Wilder acted as toast master and the following subjects were responded to.

"Where Are We?"—Miss Nettie Harrington.

"A Big Thing."—A. G. Leflingwell.

"A Bigger Thing."—F. A. Spoon.

"The Biggest Thing."—D. H. Tennent.

"Our Boys."—Miss Louise Hanson.

"Our Girls."—H. J. Cunningham.

The banquet was in honor of the state officers and the chairmen of the committees, and was much enjoyed, beside bringing the workers into closer acquaintance with the state officers.

Last evening the four societies came together, filling the Sunday school rooms of the Baptist church to overflowing, in one of the best meetings held.

This evening at the Presbyterian church, a mass meeting will be held, at which Miss Nettie Harrington, state superintendent of junior work, will preside. Rev. F. N. Dexter, president of this district, and A. G. Leflingwell, state president will speak, followed by a consecration service.

Christian Endeavor is rapidly becoming one of the most important departments of church work. Fourteen denominations in the state have adopted it, thus helping more than anyone to unite the efforts of the christian young people against organized evil.

The international convention, which brings together representatives from every land, meets this year in Boston, July 10-15, and already preparations are being made for a large delegation from Wisconsin; a special train of Pullman sleeping cars has been chartered and one fare for the round trip secured. F. A. Spoon of this city, is a member of the transportation committee, and will be pleased to give all information desired.

180 DEAD HORSES IN ONE PILE.

The Disease Breeding Discovery Made at Beloit Recently.

Beloit has been hanging on the ragged edge of an epidemic without knowing it. Two aldermen visited the "Turtle flats," near that city and found a "retreat" for ancient horses—all dead and all skinned—a hundred or more—some say one hundred and eighty—and ready for the rendering pot, and also for the warm sun.

It appeared that Mr. Buckenridge had been engaged this winter in gathering all dead, dying and decrepit horses for post mortem trade purposes, and established his slaughter yard at the locality named. He had stripped the animals of their hides, but had been delayed in setting up his rendering establishment, so that there had accumulated on the spot 180 carcasses, which would soon have become odious to the nostrils and dangerous to the health of the citizens. The horses were buried.

J. A. Richardson, of Jefferson City, Mo., Chief Enrolling force 38th general assembly of Missouri, writes: I wish to testify to the merits of One Minute Cough Cure. When other so-called cures failed, I obtained almost instant relief and a speedy cure by the use of One Minute Cough cure. C. D. Stevens.

THE GOSSIP OF THE STATE.

The city council of Boscobel bought a stone crusher and engine, a lime-stone quarry dummy cars and sufficient iron to lay a track to the quarry with the intention of macadamizing the streets.

WILLIAM RHOELNICK, an employee in the Barker & Stewart lumber yard at Wausau, received an injury that caused a death. He was blown off a pile of lumber and struck on the side of his head.

The soldiers' monument at Columbus will be finished and ready for dedication on Memorial day, when the dedicatory address will be made by ex-Governor Hoard.

Lewis W. Myers, of Lake Mills was elected president of the senior law class of the state university at Madison.

The Marinette high school may be placed on the accredited list of the Ann Arbor college.

BAGS OF DOLLARS IN LOCAL BANKS

THE "CARTWHEEL" FAMINE IS NOW EASED UP A BIT.

In Two Weeks the Supply Has Been Getting Less and Less, with No Apparent Reason For the Shortage, and on Saturday Low Ebb Was Reached.

Janesville is in the throes for a silver dollar famine.

Had you noticed it?

Perhaps not.

But it's a fact.

Saturday you couldn't get 'em for love, money or anything else.

Just why the bankers should run out of silver dollars is one of the mysteries that cannot be explained. Perhaps it was a scheme of the free silverites and "Coins Financial School" pupils, to work on the public by cornering the coin in order to make people think that more silver dollars were needed, but be that as it may, there was a shortage. The banks had quite a few of them on hand Saturday morning but at noon the supply had run out. Halves and quarters were plenty but "cartwheels" were scarce. One of the banks sent to Chicago and got a thousand of the silver discs but they didn't last long. Another bank began business Saturday morning with five or six hundred dollars in silver dollar pieces but when they closed at night they were completely closed out.

"I wanted \$150 in silver dollars for my pay roll" said one manufacturer yesterday. "When I went to the bank and told them, how many I wanted, the teller smiled and gave me three silver dollars and the balance in halves. I asked him where the silver dollars had gone but he couldn't say; they had just gone. The shortage has been growing now for two weeks."

"I can't account for it" said the teller in one of the banks. Of course on Saturday there is always more of a demand for silver dollars when the pay rolls are made out. Many people prefer silver then, because they say it is easier to handle. However, the trouble began two weeks ago, and has been getting worse ever since, but I do not know the reason for it."

The strain was taken off this morning by the arrival of big bags of silver dollars that were ordered at the sub-treasury, but for awhile it looked as if the banks would have to begin making the coins themselves.

Our patrons will find DeWitt's Little Early Risers a safe and reliable remedy for constipation, dyspepsia and liver complaints. C. D. Stevens.

LOCAL CYCLERS RODE TO HARVARD

Janesville Party of Six Took Quite a Trip Yesterday.

Six members of the Arrow Cycling club braved the weather yesterday and took their first ride of the season to Harvard Illinois. They started at the Myers House corner at 10 o'clock, and Clinton was reached in one hour and twenty minutes. From Sharon to Harvard they followed the state road, which is four miles farther, making the whole distance thirty-two miles. They covered it in three and one-half hours. The roads were very muddy.

BUILT OUR FIRST BRICK HOUSE.

A. K. Doolittle, Who Is Now at Webster, Iowa, Was The Contractor.

Cards are received announcing the fiftieth anniversary of the wedding of Mr. and Mrs. A. K. Doolittle of Webster, Iowa. Mr. Doolittle is the man who built the first brick house in Janesville. He removed from his farm near Albany to his present home, a farm near Webster, Iowa, between twenty-five and thirty years ago.

A TRUE STORY.

Last month I cleared, after paying all expenses, \$235.38; the month before \$186.86 and have at the same time attended to my regular business. I believe anyone, anywhere, can do as well, as I have not a particularly good location and not much experience. When you have an article that every family wants, it is very easy selling it. It seems strange that a good, cheap dish washer was never before placed on the market. With the Perfection, which sells for \$5 you can wash and dry the dishes for a family in two minutes, without putting the hands in water. As soon as people see the washer work, they want one, and that is why so much money can be made so quickly. For full particulars address The Perfection Mfg. Co., Station O, Englewood, Ill. I feel convinced that any lady or gentleman, in any location can make \$5 to \$10 a day, as every family will very soon have a dish washer. Try it and publish your experience for the benefit of others. ALICE O.

How Is This For Low?

I will sell all or any of my property fronting on Jackson street at the following low prices. The lot on which my brick house was burned

95 feet on Jackson

St. \$2,000,

with the barn fronting on Madison street for \$3,000. Will sell the

Buckle Factory for \$10,000

subject to contracts with present occupants. This property consists of two 4x8 lots fronting on Franklin and River streets and cost \$12,000. 75 per cent of purchase money can remain at a low rate of interest. Will sell good and well located eastern Dakota land for half the price of two years ago.

SPRING MATERIALS.

Embroidered Fabrics, Brocades, Velveteens and Satins Show a Widespread Fancy.

Cut out embroidered fabrics continue to be employed for dresses, bodices and accessories. Heavy satins, as well as silks, muslins, nets and chiffons, are found in this class of goods, and although the fancy is widespread at present it is not likely to be a long continued one. Satin covered with spangles is another novelty, which is very brilliant and expensive.

Brocade is revived and is now fashionable in the extreme, particularly for full dress occasions. Velveteen has made great strides this last year or two, and it requires an expert's eye to detect it from a good make of silk velvet. Indeed it is richer and fuller in effect than a common cotton backed velvet, silk faced.

For dance gowns for young girls net is one of the most useful materials, as it does not crush easily and is light and youthful in appearance. Moreover, being very wide, it may be cut to great advantage.

Where velvet is used in millinery or for the trimming of the gown it should be brought near the face, as it sets off the

EVENING TOILET.

complexion. Velvet of all kinds is much worn this season, the mirror variety being reserved for evening purposes.

Ribbons are seen in a profusion of styles this spring. Besides the usual satin, velvet, moire and grosgrain styles, there are plaids, checks and stripes, spangled ribbons, ribbons cut out and embroidered, crepon ribbons, ribbons covered with pompadour bouquets, brocaded ribbons—in fact, almost every variety that has ever been made.

Wool catamines over a silk lining will be much worn, as will be batiste with vague flower patterns in subdued colors. Guipure will be still extensively employed for trimming.

This season's sunshades will be mainly of bright, clear colors and will be much ruffled and trimmed with lace or otherwise decorated.

The evening toilet shown in the illustration has a skirt of coral mousseline de sole over silk of the same color. A narrow band of chrysanthemums edges the foot of the skirt. The bodice is of mousseline gathered over a silk lining and has a square décolletage bordered back and front with pearl galloon. The belt is also of pearl galloon, while the long gigot sleeves are of pink satin. JUDIC CHOLLET.

COSTUMES OF THE DAY.

How the Dramatist Has Revived the Attire of Long Ago.

It has been the custom of late years for dressmakers to look to the stage for inspiration in the designing of novel modes, and when the prominent theaters reproduced costumes of historic periods fashion was not slow to follow their lead. The director, empire, Louis Quatorze and even the Elizabethan styles were thus revived, with more or less beneficial results, and possessed an advantage over the æsthetic type in that they had a local habitation and a name and were not a mere dateless vagary. The dramatist of the day has not, however, played any pranks with the wardrobe of the pieces he has mounted for the boards. He has taken for his models the best part of the periods named, a wise proceeding and one which real fashion artists had already adopted. And so it comes that we are a patchwork of periods harmoniously brought together, but with the inclination to exalt one point above another. One season or succession of sea-

sons we have the skirt draped or bunched and all the force of the costume expended on that particular feature at the expense of the bodice. Now the bodice is to the front in elaboration, and the skirt repeats itself to monotony. The sleeve at present emblazons the arms with all the circumstance of hereditary heraldry, and so that it is huge and well shaped the rest of the gown may take care of itself.

In the new play, "The Ideal Husband," the costumes are rigidly conventional, and no new note is struck in form or color. There is one perhaps a little too pronounced in contrast of vivid coloring, but in a mixed assembly quite as emphatic combinations are seen.

The evening toilet of which a sketch is given is a princess gown of mauve satin with a square décolletage. It is embroidered with silver spangles, the pattern forming a sort of corselet from which narrow points extend down the skirt. Two immense bows of wide black satin ribbon adorn the foot of the front of the skirt, and a similar bow is placed at the two corners of the décolletage, united by a ribbon drape. The balloon sleeves are of white more figured with mauve bouquets. JUDIC CHOLLET.

Had a terrible cough and was emaciated and very weak. Was fast drifting into 'quick consumption.' The doctor gave me medicines all the time. I grew weaker. He advised cod liver oil emulsion. I took two bottles of it without any relief. I had pain in my left shoulder and back. I wrote you, and you prescribed your 'Golden Medical Discovery.' I took only one bottle before I felt better. After two bottles I could sit up, and felt I had been saved from the grave. I increased rapidly in flesh and strength."

THE JANESVILLE GAZETTE

THE OFFICIAL CITY PAPER.

FOR SALE—A BIG DOLLAR.

FOR SALE—A trade dollar in good repair; vintage of 1878. The Gazette innocently paid one hundred cents for it after reading a chapter of "Coin's Financial School".

The theory is all right. The dollar contains 420 grains of silver, eight grains more than the American dollar, but forty-five cents is the most money that the Janesville market will offer for it. The manipulations of this sort of wares in the Bower City have the audacity to claim that ten American silver dollars are worth today in the bank of England about \$4.50. If that is so, all this country needs is free silver and a high board fence to keep it from getting away, to make everybody wealthy in about two years.

The turning down of C. L. Valentine by the state executive, indicates very clearly that Rock county has no claims that are deemed worthy of recognition. Mr. Valentine was as strongly endorsed as any candidate that was ever presented. He is recognized as one of the best equipped men for game warden in the state. He represents a county that stands second in republican majorities, and that has been practically ignored by the present administration. The governor has evidently been influenced by parties not in close touch with the best party interests of the county.

Marks of Honor.

Testimonials like the following are of much value and speak words which no one can gainsay:

Crookston, Minn., Aug. 29, 1894. W. S. Dennis, St. Paul, Minn., Dear Sir: I have smoked your Poet's Dream over a year and consider it the best I have ever smoked, and am pleased to recommend it to any pipe smoker. Yours truly, C. E. Dampier, M. D. For sale by Prentice & Evenson.

To Contractors and Builders.

We have on hand 20,000 feet clear Washington cedar siding, good lengths. Also a quantity of basswood ceiling, need the room and will close it out at a satisfactory price.

MRS. STREETER GETS A DIVORCE
Husband Deserted And Did Not Support Her—Circuit Court Opened.

Mrs. Minnie Streeter secured judgment of divorce in the circuit court today, from her husband, Arad Streeter, on the ground of desertion and failure to support. John Nichols was her attorney.

The circuit court for Rock county, April term, convened this morning with Judge Bennett presiding. The only business besides the divorce case mentioned above was the call of the calendar, and making a day calendar for May 6, to which time the petit jurors were excused. The day calendar for May 6, contains numbers, 2, 5, 8, 9, 10 and 12.

TO TALK OVER THE PLOW FACTORY

President Vankirk Urges a Full Attendance at the Business Men's Meeting

President W. T. Vankirk urges a full attendance at the meeting of the Business Men's Association this evening, when the special committee appointed to investigate the matter of establishing a plow factory in this city, will report. Mr. Sater will also be present at the meeting, and it is desired that the business men of Janesville attend this meeting and lend their influence in securing the establishment of such a factory here.

A NOTABLE TRANSACTION.

The Purchase of the Venne Shoe Stock by Becker & Woodruff.

The purchase of the Venne shoe stock by Becker & Woodruff, of Janesville, has been an important event in the business circles of Fond du Lac. The Janesville merchants have proved themselves to be fortunate and enterprising business men. They were fortunate in securing the Venne shoe stock at the time and for the price at which they closed the bargain. Early in February the deal was closed by which \$20,000 of the finest footwear in the state was sold to Becker & Woodruff for 60 cents on the dollar. It is no exaggeration to say that this was one of the finest stocks of footwear in the state. Mr. Venne himself was an experienced and careful buyer and his stock was at all times a good one. But it will be remembered that early in the spring of 1894 Mr. Venne sold out nearly \$5,000 of old and out-of-date stock to a La Crosse firm, thus purifying the stock and leaving it one of the cleanest stocks for its size that could be found anywhere. It was indeed a most fortunate transaction which enabled Becker & Woodruff to obtain such a desirable stock of goods at so low a figure.

The enterprise of the Janesville merchants has been well illustrated in their sale which commenced on Feb. 9. The people had confidence in the Venne stock and have daily crowded the store to profit by bargains in which they could obtain first class goods at less than wholesale prices. It is no small task to sell nearly \$10,000 worth of goods at retail in about sixty days, and yet that is what Becker & Woodruff have accomplished. They have made everybody in Fond du Lac and vicinity think of shoes, and thousands of our citizens have been fortunate purchasers at their sale. And yet such was the completeness and variety of the stock which they have obtained that it is yet in every sense of the word a fine stock of footwear. Becker & Woodruff have set Saturday, April 20, as the last day of their sale. Early in the following week they will remove the stock to Janesville. There the sale will be continued and the citizens of Janesville will soon be as well shod as are the people of Fond du Lac, through the good fortune and good sense of their enterprising merchants.—Daily Commonwealth, Fond du Lac April 18.

THE TOWN TALES OF A DAY.

It's not the profit we make on one bicycle that we depend upon, we intend to sell more than six during the summer. If we don't put out 200 we'll miss our guess, and will do it because we'll make the price so they will move. We sell bicycles just as cheap as we do hardware. Lowell Hardware Co.

Don't bring the monster ladder of the fire department, not even a step ladder. You won't need either. We have marked the stock so low that you can reach it from the ground. Half price is what we are selling it for and that accounts for the grand sale. Brown Bros. & Lincoln.

We take pleasure in recommending our Mr. W. F. Hayes as an optician of a very high degree, being first assistant at the Chicago Ophthalmic College he is brought into contact with the most delicate cases, and helps operate on them. F. C. Cook & Co.

If you have any work to be done about your place, no matter how little or how much one of our students will do it with neatness and dispatch. Send us a postal or call. Telephone No. 87. Valentine Bros.

The only real genuine refrigerator is the Alaska. We have sold and recommended it for years, and are more firm in the belief today that it is the best refrigerator on earth. A. H. Sheldon & Co.

It's not hard to clean carpets when one has all the facilities. We have prepared ourselves for the work and guarantee satisfaction. Leave orders at Janesville Steam Laundry.

QUICK MEAL gasoline stoves have a good reputation. We compare with other gasoline stoves every day and sell the Quick Meal. Lowell Hardware Co.

It's not our fault if you buy an inferior refrigerator. We've told you the Alaska is the best, and if you don't get it you'll be the loser. A. H. Sheldon & Co.

Low prices on wraps are what count. That is the cause of the large number of sales that occurred Saturday in the cloak department of T. P. Burns.

THE \$1.50 razor toe shoe sold by Brown Bros. & Lincoln is way up in style, looks almost like a \$3.00 shoe. Come in tonight and look before you buy.

OUR Mr. Frank Brown, who used to be at the Golden Eagle, sold a pile of goods to his friends Saturday. He will remain with us. M. Goodman.

It's just as easy to get a good buggy as a poor one, and they cost no more, at least the kind we make. Wisconsin Carriage Top Co.

By leaving your orders at the Janesville Steam Laundry, your carpets can

be cleaned in the most satisfactory way.

We make and sell buggies, don't keep them. Wisconsin Carriage Top Co.

NEWS OF THE TOWN
IN A LINE OR TWOMAN'S LEG LAID OPEN BY A
BARB WIRE.

W. N. Brockhouse Got Tangled Up in a Piece on South Main Street Last Night, and the Sharp Points Cut a Vein—General News of the Bower City.

W. N. BROCKHOUSE was the victim of a peculiar assault at 6 o'clock last evening, and as the result he has a long gash in his leg. Mr. Brockhouse was walking along South River street at that time when a piece of barbed wire rolled toward him. He got tangled up in the wire, and emerged with a deep gash in the side of his leg caused by one of the barbs. The sharp point divided an artery and blood flowed from the wound very freely. Night Watchman Ed. Smith assisted Brockhouse to Dr. Whiting's office where the injury was dressed, after which the injured man was taken home. The wound is painful but is not thought to be at all dangerous.

JANESVILLE fishermen will have to be careful how they drive over the Indian Ford bridge, as Chairman Langworthy of the town board says that any person found driving faster than a walk across the Indian Ford, Fulton or Newville bridges, will be fined to the full extent of the law.

It will be but a day or two now until the Fond du Lac stock of \$12,000 worth of boots and shoes will be opened and placed on sale in this city. Becker & Woodruff deserve thanks for their efforts in this direction. They will give the people shoes from Wednesday on at prices lower than factory prices and the best makes known. Watch for opening announcement.

A horse belonging to N. H. Clark, broke out of the barn in the night, and after wandering around the cars in the freight yards, it was finally caught at 1 o'clock in the morning by Night Switchman Berrell. The horse had many a narrow escape from being killed by the cars.

THE Baptist Sunday School room will give a musicale in the parlors of the church next Thursday evening for the benefit of the piano fund. A good musicale programme has been prepared and everyone is cordially invited. Admission: Adults 15 cents; children 10 cents.

We have reduced our boys "from head to foot" outfit to \$4, consisting of an all-wool suit, extra pants and cap to match, and a pair of solid shoes. Natty reefer and junior suits for small boys at \$1 and \$2 each. S. D. Grubb.

ABOUT Wednesday our Fond du Lac stock will arrive in Janesville. This will be by long odds the heaviest single shipment of shoes that was ever made into our city. It will take us several days to put the stock in shape for our sale. Wait for it. We'll do you good. Becker & Woodruff.

We received today fifty dozen men's and boys' athletic sweaters in maroon, navy and tan at 19, 25, 35 and 50 cents. Fine honey-combed wool sweaters all colors, at \$1.30 and \$2. S. D. Grubb.

JOHN J. LUGG, who is a student in the Northwestern University at Evanston, was brought home Saturday evening, suffering from nervous prostration, and threatened with fever.

It is hard to beat a carpet. Better send it to the bat mill, and have the dust thoroughly removed, at two cents a yard. It is cheaper than you can do it by hand.

We are closing out 10 cases of men's and boys' \$1.50 grade solid shoes for 85 cents and 5 cases men's fine welt \$4 calf shoes for \$2.50, all style toes. S. D. Grubb.

I. H. TARRANT, who has been visiting in this city the past week, left this morning for Mineral Point, where he is engaged in the drug business.

Dr. and Mrs. E. E. Loomis entertained a number of friends in a pleasing manner at their Washington street home, last Saturday evening.

FORGER P. ST. JOHN
SENT TO WAUPUNHE WILL SERVE THE STATE
FOR TWO YEARS.

Pleaded Guilty This Morning, to the Charge of Uttering a Bad Check—Plymouth Gun Scrape in Court—Switchman Ed. Broderick Routes Two Midnight Footpads.

Peter St. John will serve the state two years for passing a bogus check on Samuel Rosenfeld, the clothier, he having pleaded guilty in the municipal court this morning and being sentenced to a term of that length at Waupun, by Judge Phelps. St. John is the man who bought a suit of clothes, etc., amounting to about \$20 of Rosenfeld, and tendered a check for \$40.54 as payment. Mr. Rosenfeld gave St. John the difference in cash and the clothing too. St. John then left the state, but the police had been keeping track of him all the time that he was gone. The other day he strayed into Evansville and Village Marshal Brink picked him up. Janesville officers were notified and Officer Cochran went up to that town and brought St. John back. His plea of guilty was expected.

Gun Scrape at Plymouth.

John Martin of Plymouth pointed a gun at Edward Moore on Sunday, for which Martin was arrested this morning and arraigned before Judge Phelps, who set May 4, as the time for Martin to explain matters.

It appears that there is considerable trouble in Plymouth over the possession of a farm, and the ownership of some goods. One replevin suit, Ryan against Hanlon, was decided a few days ago by Judge Phelps, who decided that Ryan owned a portion and that Hanlon owned a portion.

Last week the officers went out to Moore's to sell the property. When they arrived they found all the gates on the farm chained and locked, and were told that Mrs. Moore had a gun to use on any one who attempted to remove the goods, but while several who went there to purchase were frightened away, the old lady did not burn any powder.

Moore claims to possess a lease of the place from the owner Dennis Ryan, but he having shown no disposition to work, John Martin was given a lease. Saturday Moore and his family came to the city, and while here some one entered the house and removed all of Moore's effects, depositing them in the roadway. When Moore arrived at what he called his home, he found Martin in possession. They had a meeting Sunday morning, at which it is claimed by Moore, Martin pulled a gun on him. District Attorney Jackson appears for the state, and J. L. Mahoney for the defendant.

Fought Two Foot Pads.

Edward Broderick, a night switchman employed by the Chicago & North-western road broke his lantern over the head of a highwayman in the yards at midnight last night and put the robbers to flight. Broderick was engaged in taking car numbers and carried his lantern under his arm. As he was writing the number of a large meat car on his book, two men jumped on him from the dark recess between the cars.

"We want your money," said one of the men laying hold of Broderick.

"Well, you can't have it," replied the switchman as he pulled back and swung his lantern over his head and brought it down with full force on the head of the robber. The globe was broken by the blow and Caller Joe Griffin who heard the fracas hastened to Broderick's assistance. The blow had knocked the stranger down and when he saw Griffin coming he scrambled to his feet and both he and his partner disappeared in the darkness.

Girl Called For Help.

Shrill calls for help echoed through the Fourth ward at 8:30 o'clock last night. The voice was that of a woman and someone sent a telephone message to the jail. Turnkey North responded to the call and found a young woman who did the screaming but the man against whom she preferred charges had succeeded in getting away. She was able to describe the man quite accurately, however, and the police may get him yet.

Wall Wright, a Beloit gentleman who has a liking for the cheering cup, was brought up from the Line City by Assistant Marshal Schiebel this morning to serve thirty days in the common jail of the county.

Officer Hogan dressed a couple of local toughs down last night, the row occurring in front of Mrs. Joseph Loe's meat market. One of the men threw a rock at the officer's head that would certainly have killed him if it had not gone wide of the mark.

CHIEF AGESON raided a box car full of tramps this afternoon, and jailed the only one he could reach, while the others "made tracks."

ODD FELLOWS TO CELEBRATE.

Their Seventy-Sixth Anniversary Will Be Marked April 26.

Janesville Odd Fellows are now completing arrangements for celebrating the seventy-sixth anniversary of American Odd Fellowship. A musical and literary entertainment, followed by a supper and dance, will be given in Odd Fellows' hall, on North Main street, on the evening of April 26.

Both the local organizations and the Daughters of Rebekah have united in arranging for this joint observance.

MRS. IRA WILCOX, who was so seriously injured in the West Milwaukee street runaway on Saturday afternoon, rested very quietly Sunday and today.

Express Cars Are Running Over With
Wheels These Days.

As the "vestibule" pulled into the city last night the heaviest loaded car in the train was the express car. The car was in charge of Messenger Ed. Arthur, who is one of the oldest and best known messengers in the service of the American Express Company. Mr. Arthur had nearly a hundred wheels in his car, and when they pulled out at Chicago, there were nearly two hundred piled up, to be shipped on the midnight train, for points through the west. This is the way it has been running for the past five weeks. The wheels weigh crated forty-five pounds each and are made in all parts of the country. When a forty-five pound wheel is shipped from Springfield, Mass., to Butte, Mont., the express company come in for their share of the profit.

RIVER STREET FOLK ON THEIR EAR.
They Claim an Attorney Damages Them By
Riding a Wheel.

Another damage suit is talked of by residents on North River street, who claim to have been greatly damaged in persons as well as property by a prominent attorney, who is endeavoring to ride a bike, using that street as a practice ground. The residents protest, and while they have no redress, they claim that the attorney is responsible for all damage to persons and property, caused by his running into people, smashing curbstones and crashing through and breaking down barbed wire fences.

EDITOR LIBBY CAN WORK CHEAP
Says He Owns His Own Plant and His
Family Help Him.

Editor Libby of the Evansville Enterprise tells why he can do job printing cheaply, in these words:

"We owe our own plant, do most of our work within our own family, owe no man nothing, therefore can do all kinds of printing as cheap as any person dare offer it, and guarantee satisfaction. Call and see us and get prices at the Enterprise office."

"SNAKES" DON'T NEED THE LAW
Pickers Should Not Be Protected At Any
Time Or In Any Way.

"One of the absurdities in the new game law," is the protection of pickers till the first of June," says a local fisherman. "This species of fish ought to have no protection whatever at any time against hook, spear or seine. The pickerel is a voracious, ravenous shark and the enemy of the whole fish tribe."

THE FALL WAS FATAL
TO A. D. SANBORNTHE END CAME EARLY SUN-
DAY MORNING.

He Came to Janesville From New Hampshire in 1864, and Had Been in Business Here For Nineteen Years—Funeral To Be Held Tomorrow—Other Deaths.

The injuries received from the fall from his wagon Saturday at 1 o'clock proved fatal to Asa D. Sanborn, and he died at 6 o'clock Sunday morning, it appearing that his spinal column was so injured that his body below his neck was paralyzed.

Mr. Sanborn was sixty-seven years old. He came to Janesville from New Hampshire in 1864, and for the last nineteen years has been in the grocery business. He had been a terrible sufferer from rheumatism, and bore his suffering without complaint. He had a large acquaintance and many friends who will be saddened at his untimely and sad death. He leaves a wife and one son, Charles A. Sanborn. The funeral will be held from the home at 2:30 o'clock tomorrow afternoon, and the grocersmen of this city will meet at the Business Men's rooms at 2 o'clock, to attend the funeral in a body.

Mrs. T. E. Green.

By the death of Mrs. T. E. Green another pioneer lady of Rock county has been removed. Celinda Jane Jessup was born at Newark, New York, December 13, 1815. October 12, 1840, she married Timothy E. Green and removed to Michigan. In May 1843 they moved to Rochester, Wisconsin; in 1848 to Fulton, this county, where Mr. Green engaged in a large and extensive mercantile business. In 1870 he retired from business and moved to Janesville, which city has been their home for the past twenty years. Mrs. Green had been invalid for many years. She was a devoted Christian lady, a member of the Congregational church, and besides her husband she leaves two children, Mrs. Q. O. Sutherland, and Ellsworth E. Green, both of this city. The funeral will be held at the residence on South Franklin street at 11 o'clock Wednesday morning. The interment will be in Oak Hill.

Funeral of George Smith.

The remains of George Smith, who died at the Soldiers' Home at Waupun on Friday evening, arrived here Saturday evening, and were taken in charge by W. H. Sargent Post No. 20, G. A. R. Funeral services, conducted by Rev. Dr. Sabin Halsey of Court street church, were held at Post hall at 2 o'clock Sunday afternoon, at the conclusion of the services the remains were taken to Oak Hill and buried in accordance with the G. A. R. ritual. Members of the Post attended in goodly numbers.

Alice Austin.

Alice, the twin daughter of Mr. and Mrs. Will Austin, who resides on the Footville road, died Sunday morning, and was buried in Oak Hill this afternoon. Funeral services, conducted by Rev. A. Porter, of the First M. E. church, being held at the home at 3 o'clock. The bereaved parents have the sympathy of many friends. The little one was only one year and nine months old, and died of tonsillitis.

BABY CONTEST OPEN BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN
THE CONTEST.

Five Shares of Stock in the Rock County Building Loan and Savings Association Will be Given the Winner June 1—Value at Maturity Is \$500 and It Is Non Assessable.

The polls for The Gazette contest for the babies is now open and the ballot will be found at the close of this article and will run until June 1, when the contest will close. Much interest is centered in The Gazette's offer to present the baby who gets the highest number of votes with \$500 worth of stock in the Rock County Building Loan and Savings Association. It is a prize worth getting, for naturally it will be worth just half a thousand dollars. That will be a nice nest egg if kept at interest after maturity until the child becomes old enough to want to use it.

It will buy an education.
It will buy a building lot.
It will buy a piano and the lessons necessary to play upon it.

It is more than many people are able to save in a life time.

Of course all the mothers and fathers want it for their babe. How to get it is told below:
The polls opened this morning and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

—ONE VOTE FOR—

Of Janesville, Wis.

Very Queer Indeed.

Daily, nay, hourly experienced, are the sensations of the dyspeptic, nervous invalid. Ask him and he will tell you that it is well nigh impossible to describe them. Palpitations of the heart suggest—erroneously—that the organ is a fevered, buzzing in the ears, a queer metallic taste in the mouth and tingling along the edges of the tongue, restless, broken slumber at night, an inclination to sleep during the day, which disappears when the recumbent posture is assumed, frequent sickness of the stomach between and after meals when digestion ought to have performed its office. These are a few among the indicia of the complaints speedily removable by the use of Hostetter's Stomach Bitters, which also cures and prevents chills and fever, biliousness, constipation, rheumatism, neuralgia and kidney trouble.

If the Baby is Cutting Teeth,
Soothe and use that old and well tried remedy, Mrs. Winslow's Soothing Syrup for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

FOR SALE

A Model Milling Plant.

The recent death of the owner makes the sale of this plant necessary. It consists of a flouring mill, packing-storage house and two elevators. The mill is 60x100 feet, four stories and basement constructed of stone, brick and frame, the frame part being iron-clad. Capacity 300 barrels per day. The storage-packing house is 30x120 feet two stories. The elevators each have a capacity of 20,000 and 50,000 bushels. A branch railway track runs between the mill and packing-storage house. This plant was ALL remodeled and made new in 1894. The business of this plant has paid the owner, up to his death, over \$5,000 to \$10,000 per year. This plant cost over \$80,000 and is the finest one in the north-west. It is run by water power and situated in Janesville, Wis., except the large elevator which is at Lake Preston, S. D. There is no encumbrance and it will be sold upon easy terms or can be exchanged for first-class real estate.
